Dear Mr. Rimmer:

You've been a BBB Accredited Business for several months now, and I wanted to let you know that we appreciate your Accreditation.

For nearly a hundred years the BBB has served to promote the highest standards of business practices. The BBB's mission plays a vital role in the well-being of the economy. In today's marketplace, which becomes more competitive and complex every day, consumers realize the importance of finding merchants they can count on. When they do, they do business with them time and time again. How a consumer perceives a business's ethics and reliability is obviously very important. That's why your Bureau Accreditation is so valuable. The public relies on the BBB to maintain honesty and integrity in the business community.

With this, we need businesses like yours to promote and strengthen the principles that make for good business. As a BBB Accredited Business, you help to safeguard the American free enterprise system. We are happy to have you aboard; please call us whenever we can be of service. You have our promise that we will do our best. Your private BBB Accredited Business Hotline number is 215-893-9235.

Sincerely,
